December 31, 2007 The Honorable Mayor and Members of the City Council South Jordan City, Utah

Re: Finance Officer's transmittal letter and report on financial statements.

The Comprehensive Annual Financial Report (CAFR) of the City of South Jordan (the City) for the fiscal year ended June 30, 2007, is hereby submitted as mandated by both local ordinances and state statutes. These ordinances and statutes require the City issue a report on its financial position and activity, and this report be annually audited by an independent firm of certified public accountants. We believe the information, as presented, is accurate in all material aspects, and is presented in a manner designed to set forth fairly, in all material respects, the financial position and results of operations of the City as measured and reported by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain an adequate understanding of the City's financial affairs have been included.

This CAFR has been prepared by the City of South Jordan Finance Division. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

The financial reporting entity (the City) includes all of the funds of the primary government (i.e., the City as legally defined), as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as part of the primary government. Accordingly, the South Jordan Redevelopment Agency and Municipal Building Authority are reported in this CAFR as a special revenue fund and a capital project fund, respectively.

GOVERNMENTAL STRUCTURE, LOCAL ECONOMIC CONDITION AND OUTLOOK

Governmental Structure

Under the city manager form of government, by ordinance, legislative powers are vested in a governing body, consisting of a Mayor and five members of a City Council. The government is empowered to levy a property tax on both real and personal property located within its boundaries. The Council Members are elected by district and serve staggered four-year terms. They are assisted by a City Manager who is responsible for establishing and implementing City policies, carrying out the ordinances of the City Council, and overseeing the day-to-day operations of the government.

The City provides the full range of municipal services normally associated with a municipality. In brief, the general governmental functions include police and fire protection; park construction and maintenance; street construction and maintenance; public improvements; engineering; building inspection; planning and zoning; and administrative services. The City also operates water distribution and waste collection as enterprise funds.

Economic Condition and Outlook

The City of South Jordan, incorporated in 1935, is located in the southern part of the Salt Lake Valley. The City is a rapidly growing suburban community encompassing 21.8 square miles. The City's population is approximately 48,340 as of June 30, 2007. South Jordan's population has increased 64% since the year 2000. We anticipate the population in South Jordan will continue to increase at a rapid rate.

The added population has placed increased demands on services, but the City has adopted a conservative approach to the expansion of various public services. The general philosophy of the City is that increased revenues from existing taxes and other revenue sources must provide the base for the expansion of public expenditures. As demonstrated over the past several years, the City is committed to this philosophy.

Following statewide trends, South Jordan experienced significant, positive economic growth during FY 2006-2007. The City's sales tax revenues increased in excess of 31 percent from the previous year. This statistic is indicative of the City's efforts to expand its sales tax base. Ongoing expansion of the City's population and sales tax base, is expected to continue to increase for the foreseeable future.

MAJOR INITIATIVES

Long-Term Financial Plan. The City of South Jordan has put great effort over the past year in developing a long-term financial planning tool, which will address the long-term needs of the City. The objective of this plan is to provide a road map, which will assist the City's transition from its current stage of high growth to its eventual status as a more fully developed City. The overriding theme of this plan is sustainability.

The plan was put together by the Mayor and City Council, City management, and the City's finance department. The plan makes projections of tax revenues, capital expenditures, and debt service for the next twenty years. However, this plan goes farther than simply projecting revenues and expenditures. Targets have been set for what levels of property tax, sales tax, and other revenues will be necessary for long-term stability. We are also analyzing the City's current land use and zoning issues to evaluate the credibility of our assumptions. We believe this plan will be invaluable to us as a budgeting and strategic planning tool.

Capital Projects. The City's Staff, following specific directives of the City Council and Mayor, have been involved in a variety of projects throughout the year. These projects reflect the City's commitment to ensuring that the citizens of South Jordan are able to live and work in a desirable environment. During FY 2006-07, the City had several significant projects. Some of these projects are listed below:

- 1. <u>Culinary Water System</u>. The City is currently working on a multi-year project to make improvements and add capacity to the City's culinary water system. In order to fund these improvements, the City is using a combination of debt, water rates, and impact fees.
- 2. <u>Public Safety Building</u>. During FY 2006-2007, the City acquired land for the construction of a Public Safety Building. This new building will allow the City to continue to service the City's growing police force in order to maintain the high quality of life enjoyed in South Jordan. Preliminary design work was performed during the previous year. We anticipate construction to begin during late summer of 2008.
- 3. <u>Municipal Services Building</u>. The City has also began construction of a new Municipal Services building. This building will replace the current, antiquated structure. The new building will house the City's Water, Sanitation, Storm Drain, Fleet and a portion of the City's Parks department.
- 4. <u>Animal Control Building</u>. Construction has begun on a state of the art animal control facility. The building will cost just over \$1.5 million to construct and is anticipated to open early in 2008.
- 5. <u>Redwood Road and 10400 South.</u> Utah Department of Transportation(UDOT) is currently making major improvements to increase capacity of these two roads in the City. In coordination with UDOT, the City will be making upgrades and increasing capacity of City-owned utility assets.

6. <u>4000 West.</u> During the year, the City spent just over \$1.6 million on the construction of 4000 West. This road will provide much a much needed transportation alternative on the west portion of the City.

Economic Development. The City Council recognizes the need to develop the City's economic base in order to provide the necessary services, i.e., recreation, roads, water, etc. to its citizens. Efforts are being made by the City to attract new businesses and to promote the type of activities that will enhance the quality of life in the community. These businesses include restaurants, office buildings, and the University of Southern Nevada campus.

The South Jordan Redevelopment Agency was established for the purpose of encouraging new development within the City. The Agency currently has ten redevelopment areas (RDA's). These areas have been successful in assisting several new office and retail establishments within the RDA boundaries.

One of the largest RDA's is the "District". This area has 1.2 million feet of retail space. Current tenants include Target, JC Penney, LHM Megaplex 20, Famous Footwear, and Hobby Lobby. The success of this development demonstrates the City's dedication to the establishment of long-term, sustained economic growth. The City will continue to encourage development through the use of redevelopment areas.

FINANCIAL INFORMATION

South Jordan's financial statements reflect the rapid growth of the City. The balance in the City's General Fund increased by \$695,922 during the fiscal year to end with a balance of \$4,585,890. This amount represents an increase of \$1,722,904 from five years ago. During the same five-year period, the City's governmental funds revenues increased from \$17,051,924 to \$40,167,881, and expenditures increased from \$28,226,869 to \$36,751,436. Growth in proprietary funds has increased during this period as well. Proprietary fund revenues increased from \$5,696,796 to \$13,656,023 since fiscal year 2002, while operating expenses rose from \$5,338,735 to \$11,432,011.

As a recipient of federal and state financial assistance, the City is also responsible for ensuring that an adequate internal control structure is in place and to document compliance with applicable laws and regulations related to these programs. This internal control structure is subject to periodic evaluations by Administration. The audit for the fiscal year ended June 30, 2007, disclosed no material internal control weaknesses or material violations of laws and regulations.

The City's budget serves as the foundation for its financial planning and control. City Management prepares a proposed annual budget which is presented to the City Council for review no later than the first council meeting in May. The Council is required to hold a public hearing on the proposed budget and to adopt the final budget prior to June 22, unless the City proposes a property tax in excess of the its certified tax rate. In that case, a tentative budget is adopted and is in force until a public hearing is held to approve the increase.

A budget is prepared for each fund, and the General Fund is further divided into departments. Department heads may make transfers of appropriations within a department. Transfers in appropriations between departments, or increases in revenues require the approval of the City Council. Activities of the general fund, special revenue funds, debt service funds and capital project funds are included in the annual appropriated budget. The level of budgetary control (i.e., the level where expenditures cannot legally exceed the appropriate amount) is at the department level within the General Fund and the fund level for all other funds.

As demonstrated by the statement included in the financial section of this report, the City continues to meet its responsibility for sound financial management.

Cash Management

The City Treasurer focuses on safety, liquidity and yield of investments. The highest priority of cash management and investments is to ensure adequate funds are available to meet City obligations and that all investments are in safe instruments. Yield, while important, is considered third priority after safety and liquidity. All City funds are invested

in accordance with the guidelines established by the Utah Money Management Act and in institutions authorized by the Utah Money Management Council.

Risk Management

The City is exposed to a variety of accidental losses and has established a risk management strategy that attempts to reasonably minimize losses and the cost of carrying insurance. Under the direction of the City's Risk Manager, control techniques have been established to provide reasonable assurance that City employees are aware of their responsibilities regarding loss exposures related to their duties. In a similar manner, risk control techniques have been established to reduce possible losses to property owned, or under the control of the City. Furthermore, supervisory personnel are held responsible for monitoring risk control techniques on an operational basis.

OTHER INFORMATION

Independent Audit

State statutes require an annual audit by independent certified public accountants. The firm of Gilbert & Stewart was selected by the City Council to perform this audit. This audit was designed to meet the requirements set forth in the Utah State statutes. Generally accepted auditing standards and the standards set forth in the General Accounting Office's Government Auditing Standards were used by the auditors in conducting the engagement. The auditor's report on the financial statements is included in the financial section of this report.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement of Excellence in Financial Reporting to the City of South Jordan for its CAFR, for the fiscal year ended June 30, 2006. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial report.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. Such a CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City has received a Certificate of Achievement for the past 21 years. We believe our current report continues to meet the Certificate of Achievement Program requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgments

We would like to thank Mayor and the City Council for their interest and support in planning and conducting the financial operations of the City in a dedicated and responsible manner.

The preparation of the CAFR on a timely basis could not have been accomplished without the efforts and dedication of the City staff. We would like to express our appreciation them and other personnel from various agencies and authorities who assisted in its preparation.

| Respectfully submitted, | |

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and City Council City of South Jordan, Utah December 12, 2007

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of South Jordan, Utah (City) as of and for the year ended June 30, 2007, which collectively comprise the City's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of South Jordan as of June 30, 2007, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have issued a report dated December 12, 2007 on our consideration of the City of South Jordan's internal control over financial reporting and on our test of its compliance with certain provision of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in conjunction with this report in considering the results of our audit.

The management's discussion and analysis and required supplementary information listed in the table of contents is not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America.

We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of South Jordan's basic financial statements. The introductory section, combining and individual non-major fund financial statements, budgetary comparison schedules, impact fee schedule, capital asset schedules, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The, combining and individual non-major fund financial statements, budgetary comparison schedules, impact fee schedule, and capital assets schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

GILBERT & STEWART

Certified Public Accountants

CITY OF SOUTH JORDAN, UTAH MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of South Jordan, we offer readers of the City's financial statement this narrative overview and analysis of the financial activities of the City for fiscal year ended June 30, 2007. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on page 2 of this report.

FINANCIAL HIGHLIGHTS

- The total net assets of the City of South Jordan increased 22.39% to \$242,296,947. Most of the increase in net assets is due to increases to the City's capital infrastructure assets, which primarily come from contributed capital.
- As of June 30, 2007, the City's governmental funds reported a combined fund balance of \$24,891,411. This represents a 15.42% increase from the previous year.
- The City's General Fund balance as of June 30, 2007, is \$4,585,890. This is an increase of \$695,922 from last year's balance of \$3,889,968. Utah State Law allows that any balance in excess of 5% of the total estimated revenues may be utilized for budget purposes. The maximum fund balance allowed is 18% of estimated revenues. The City's General Fund balance is at the maximum level of 18%.
- As South Jordan continues to grow, so does its sales tax base. The City's revenue collections from sales tax increased 31.57% from a 2006 level of \$4,926,279 to \$6,481,322 in 2007.
- The City received a total of \$35,719,952 in capital grants and contributions. These contributions consisted primarily of infrastructure assets, which were built by developers and then donated to the City.
- To take advantage of lower interest rates, the City issued \$9,915,000 in Sales Tax Revenue Refunding bonds during fiscal year 2007. These bonds refunded \$9,240,000 of the series 2001 Sales Tax Revenue bonds.
- The City also issued \$21,950,000 in Water Revenue and Refunding bonds during FY 06-07. These bonds refunded \$2,120,000 of the series 2000 Water Revenue bonds, \$13,870,000 of the series 2003 Water Revenue bonds, and issued \$6,000,000 in additional water revenue bonds to help build necessary infrastructure.

REPORT OVERVIEW

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components:

1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

Government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. However, other non-financial factors should also be considered.

The Statement of Activities presents information showing how the City's net assets changed during the fiscal year. All changes in net assets are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus revenues and expenses are taken into account regardless of when cash is received or paid.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The government-wide financial statements can be found on pages 28-30 of this report.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City also uses fund accounting to ensure and demonstrate compliance with finance-related requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds – Governmental Funds are used to account for the same functions reported as governmental activities in the government-wide financial statements. These fund statements focus on how money flows into and out of these funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps users determine the financial resources that can be spent in the near future to finance the City's programs. The relationship (or differences) between governmental activities and governmental funds is detailed in a reconciliation included with the fund financial statements.

The City maintains the following fifteen individual governmental funds:

- General
- Debt Service
- Redevelopment Agency
- Municipal Building Authority
- Construction
- Street Lighting
- Storm Drain
- Recreation
- Recreation Center
- Community Development Block Grant
- Historical Preservation
- Parkway Care
- Glenmoor
- Risk Management
- Public Arts

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Debt Service, Redevelopment Agency, Municipal Building Authority, and Construction, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is elsewhere in this report.

The basic governmental fund financial statements can be found on pages 32-34 of this report.

Proprietary Funds – The City maintains one type of proprietary fund, which is an enterprise fund. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for Water, Sanitation and Mulligans. These funds are all considered to be major funds of the City.

The basic proprietary fund financial statements can be found on pages 37-39 of this report.

Notes to the financial statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 41 of this report.

Required Supplementary Information (**RSI**) – This section contains budget to actual statements for the City's General Fund as well as its only major special revenue fund, which is the Redevelopment Agency Fund. The RSI section begins on page 72.

Other Information – In addition to the above mentioned statements and reports, this report also presents other supplementary information and a statistical section which give additional and more detailed information to the reader. The supplemental section includes individual fund financial

statements for the City's nonmajor funds as well as budget to actual statements for major funds not reported as RSI. The supplemental section also shows collections and budgeted expenditures for the City's impact fee revenues. The statistical section gives various financial and demographic data of the City, including trend analysis for certain financial data. The supplementary section begins on page 78, and the statistical section begins on page 106.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City of South Jordan, assets exceeded liabilities by \$242,296,947 as of June 30, 2007.

By far the largest portion of the City's net assets (82.45%) reflects its investments in capital assets (e.g., land, buildings, machinery, and equipment, improvements, construction in progress and infrastructure), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are <u>not</u> available for future spending. Although the City's investments in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The following table summarizes the City's Net Assets.

CITY OF SOUTH JORDAN'S NET ASSETS

| | Gover | nme | ental | Busine | ss-T | ype | | | |

| Total net assets | \$ 167,053,923 | \$ | 135,716,823 | \$ 75,243,024 | \$ | 62,251,269 | \$ 242,296,947 | \$ | 197,968,092 |

An additional portion of the City's net assets (3.96%) represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net assets of \$32,929,558 may be used to meet the government's ongoing obligations to citizens and creditors.

As of June 30, 2007, the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities.

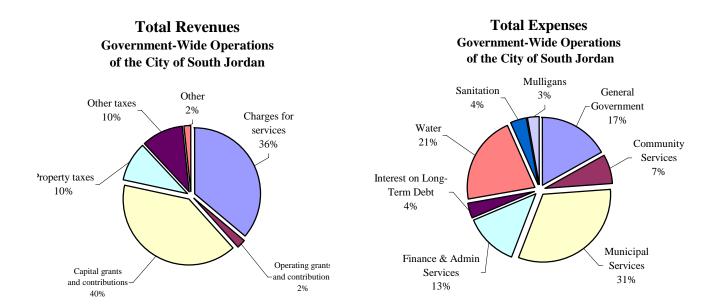

Analysis of the City's Operations – The following table provides a summary of the City's operations for the year ended June 30, 2007. Net Assets for governmental activities increased by \$31,337,100, which is an increase of \$150,457 from the previous year. Business-type activities increased by \$12,991,755 which represents a decrease of \$584,770 from the previous year.

The largest source of revenue from charges for services is impact fees, and property taxes are the primary source of general revenue. Most of the City's operating grants are related to public safety, while capital grants consist mostly of donated infrastructure assets.

The two graphs on the following page display South Jordan's government-wide revenues and expenses for the fiscal year ended June 30, 2007.

The following graph displays details of the City's charges for services for the fiscal year ended June 30, 2007.

Financial Analysis of Government's Funds

<u>Governmental Funds</u>. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

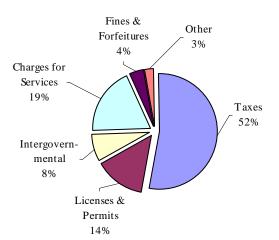

As of June 30, 2007, The City's governmental funds (General, Capital Projects, Debt Service, & Special Revenue) reported combined fund balances of \$24,891,411. This represents an increase of \$3,325,233 over last year's ending balances. Approximately 77 percent of the total fund balance (\$19,232,840) constitutes *unreserved fund balance*. This includes \$11,285,569, which is not reserved but is designated in the Construction Fund to be used for capital projects within the City. The remainder of the fund balance is reserved to indicate that it is not available for new spending because it has already been committed 1) for debt service, 2) for capital projects funded by impact fee revenue, 3) or for a variety of other restricted purposes.

General Fund

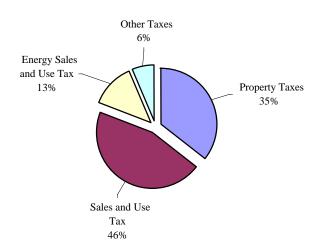

The General Fund is the chief operating fund of the City. All activities which are not required to be accounted for in separate funds either by state or local ordinance or by a desire to maintain a matching of revenues and expenses are accounted for in this fund. Revenues exceeded expenditures in the General Fund by \$695,922 during the year.

Taxes continue to be the largest source of revenue in the General Fund and represent 53 percent of total general fund revenues. The largest component of tax revenue is sales tax, which represents 45 percent of total tax revenues and 24 percent of total general fund revenues. This compares with 20 percent of total general fund revenues in the prior fiscal year ended June 30, 2006.

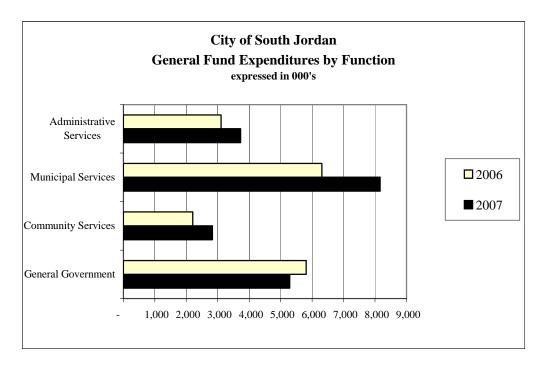

City of South Jordan General Fund Revenue by Source

Tax Revenue by Type for the City of South Jordan

General Fund expenditures increased from \$17,434,233 in 2006 to \$20,008,099 in 2007. This represents a 14.76% increase. Generally, expenditures increased consistently throughout the City. Some responsibilities were transferred from General Government to Municipal Services, which explains the decrease in General Government expenditures. The chart below compares general fund expenditures between 2006 and 2007.

Other Governmental Funds

Highlights from the City's other major governmental funds show indicators of a rapidly growing city. During FY 2007, property tax collections from redevelopment areas increased 47 percent to a total of \$3,935,628 during the same period. Total payments for debt service increased from \$4,214,098 in 2006 to \$4,820,777 in 2007. This includes debt paid both in the Debt Service fund and in the Municipal Building Authority fund.

Finally, capital expenditures totaled \$6,867,894 in the Construction fund and \$7,761,741 for the City as a whole. The fund balance in the Construction fund increased by \$2,205,245. This increase was due to unspent impact fee revenues, which have been collected and will be used to fund future capital projects.

Enterprise Funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. In summary, unrestricted net assets of the Water fund increased from \$4,286,947 to \$5,325,276; increased from \$2,623,031 to \$3,234,961 in the sanitation fund, and increased from \$149,883 to \$284,218 in the Mulligans fund.

During FY 2006-2007, water rates were adjusted to keep pace with the City's increased cost to purchase water. The base rate for residential customers increased to \$31.19 per month with consumption rates ranging from \$1.39 to \$2.11 per thousand gallons. The base rate for commercial customers increased from \$59.42 per month to \$66.14 per month with consumptions

rates ranging from \$1.64 per thousand gallons to \$2.60 per thousand gallons. Higher rates are charged to consumers as their consumption increases. Other factors concerning the finances of these two funds have already been discussed in the discussion of South Jordan's business-type activities.

General Fund Budgetary Highlights

During the fiscal year, the General Fund budget (not including transfers) was amended from an original budget expenditure total of \$20,574,118 to a final budget of \$21,026,911. All departments monitor their budgets closely and are required to stay within their allotment. Budget adjustments made during the year can be summarized as follows:

- General Government decreased by \$428,089.
- Community Services increased by \$380,152.
- Municipal Services increased by \$232,729.
- Administrative Services increased by \$268,001.

These adjustments were based on updated revenue projections and departmental needs as determined by the City Council.

During the year, actual revenues received exceeded budgeted revenues by \$1,196,903. Actual expenditures were less than budgeted expenditures by \$1,018,812. These surpluses were transferred to capital projects to assist in fulfilling the capital needs of the City.

Capital Assets and Debt Administration

<u>Capital assets.</u> The City of South Jordan's investment in capital assets for its governmental and business-type activities as of June 30, 2007, amounts to \$261,385,952 (net of accumulated depreciation). This investment in capital assets includes: land, buildings and structures, improvements, infrastructure (streets, sidewalks, etc.), machinery and equipment, and construction in progress. The total increase in the City's investment in fixed assets for the current year was 20% (an 18% increase for governmental activities and a 23% increase for business-type activities).

Major capital asset events during FY 06-07 include the following:

- \$25,223,226 in contributed infrastructure assets including \$13,209,138 in land beneath roads contributed to the City.
- Upgrades to the City's culinary water system totaling \$11,958,591.
- During the year, the City spent just over \$1.6 million on the construction of a new road at 4000 West. This road will provide much a much needed transportation alternative on the west portion of the City.

Additional information on the City's capital assets can be found on footnote 7 on page 59-60 of this report.

<u>Long-term debt</u>. As of June 30, 2007, the City had a total bonded debt outstanding of \$65,615,000. All of this amount is represented by bonds secured solely by specific revenue sources. The City has no general obligation bonds outstanding.

City of South Jordan's Outstanding Debt General Obligation and Revenue Bonds

| Govern activ | | | Business-type activities Total | | | | | | |
|---------------------|------------------|---|--------------------------------|----|------------|----|------------|----|------------|
| 2007 | 2006 | | 2007 | | 2006 | | 2007 | | 2006 |

General obligation bonds
Special Assessment debt
with governmental commitment
Revenue Bonds
Total net assets

The City's total bonded debt increased by \$3,205,000 during the year. New bonds were issued to refund portions of the 2001 Sales Tax Revenue bonds, 2000 Water Revenue bonds, and 2003 Water Revenue bonds. \$6,000,000 in additional Water Revenue bonds were issued during the year.

The City currently has no general obligation debt. The most recent bond ratings issued for South Jordan are: the series 2006 Sales Tax bonds, with a Standard and Poor's rating of "AA" and the series 2007 Water Revenue bonds, with a Standard and Poor's rating of "A+".

State statutes limit the amount of general obligation debt a governmental entity may issue to 12% of the "reasonable fair cash value" of property within the City. Of this percent, a maximum of 4% may be used for general purposes. The current limitation for the City is \$158,944,680, which is significantly in excess of the City's outstanding general obligation debt. The remaining 8% and any unused portion of the 4% available for general purposes up to the maximum of 12% may be utilized for water, sewer, and electrical projects. The current limitation for all debt, including that

used for water, sewer and electrical projects is thus \$476,834,040, which again significantly exceeds the outstanding city-wide debt.

Additional information on the City's long term-debt can be found in footnote 9 on pages 62-67 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The unemployment rate for the City of South Jordan currently is 1.6%. This compares with a national unemployment rate of 4.7%. The 2006 unemployment rate was 2.3%. (Source: Bureau of Labor Statistics)
- The General Fund budget for the fiscal year ending June 30, 2008 reflects an increase of 13.5% over the final budget for the fiscal year-ended June 30, 2007.
- All rates the City charges for services are evaluated annually. Water rates were adjusted April 1, 2007, in accordance with the City's water rate study. No water rate changes were made July 1, 2007. The water rate study recommend an rate increase of 6%, which would take place during the summer of 2008.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the City of South Jordan's finances for all those with an interest in the City's finances. Questions concerning any information provided in this report or requests for additional financial information should be addressed to: City of South Jordan, Associate Director of Finance, 1600 West Towne Center Drive, South Jordan, UT 84095, or call (801) 254-3742, or e-mail to snaidu@sjc.utah.gov.

Governmental Fund Financial Statements

General Fund

The general fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.

Debt Service Fund

The debt service fund is used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

Redevelopment Agency (RDA)

This fund is used to account for the activities of the Redevelopment Agency. The Agency is an entity established to further public purpose in the redevelopment of particular City areas.

Construction Fund

This fund is used to account for the construction of budgeted capital projects of the City. Impact fees, intergovernmental grants and interest earnings are the principal sources of funding for these projects.

Nonmajor Funds

Nonmajor governmental funds are presented by fund type beginning on page 78.

Reconciliation of The Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds To The Statement of Activities For the Year Ended June 30, 2007

Amounts reported for governmental activities in the statement of activities are different because:

| Net Change in Fund Balance Total Governmental Funds | \$ 3,325,233 |
|--|---------------|
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated | |
| over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period. | 1,254,467 |
| The net effect of various miscellaneous transactions involving capital assets | |
| (i.e., sales, trade-ins, and donations) is to decrease net assets. | 24,893,656 |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. | (479,406) |
| Bond proceeds and capital leases provide current financial resources to governmental funds by issuing debt which increases long-term liabilities in the statement of net assets. Repayments of bond and capital lease principal are expenditures in the governmental funds, but reduce liabilities in the statement of net assets. | 2.347,857 |
| Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. | (4,710) |
| Change in net assets of governmental activities | \$ 31,337,097 |

Proprietary Fund Financial Statements

Water Fund

This fund is used to account for the activities of the City's water operations.

Sanitation Fund

This fund is used to account for the activities of the City's sanitation operations.

Mulligans

This fund is used to account for the operation of Mulligan's Golf & Games. This City recreation facility includes golf, miniature golf, a driving range, and batting cages.

NOTES TO THE FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of South Jordan (the City) financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The City applies FASB pronouncements issued after that date to its business-type activities and enterprise funds. The more significant accounting policies established in GAAP and used by the City are discussed below.

A. Reporting Entity

The City of South Jordan was incorporated on November 8, 1935, under laws of the State of Utah. Under the present form of government, administrative and legislative powers are vested in a governing body, consisting of the Mayor and a five-member City Council. They are assisted by a City Manager, who also is the City's budget officer. The Finance Director is currently responsible for the financial matters of the City, including money management, accounts payable, financial statements, and accounts receivable.

The City provides the following services as mandated by law: Public Safety, Judicial Services, Highways and Streets, Sanitation, Parks, Cemetery, Water, Public Improvements, Planning and Zoning, and General Administrative Services.

The Comprehensive Annual Financial Report of the City includes the financial statements for all activities of the City based upon the criteria set forth in Governmental Accounting Standards Board (GASB) statement 14. The primary criteria for including a board or agency in this report is financial accountability which determines whether an entity is a component unit of the financial reporting entity. Blended component units, although legally separate entities, are in substance, part of the government's operations and so data from these units are combined with data of the primary government. Discretely presented component units are reported in a separate column in the combined financial statements to emphasize they are legally separate from the City.

Blended Component Units

The Municipal Building Authority was created by the City during fiscal year 1995 and is governed by the City's Mayor and Council. The authority uses the proceeds of its tax-exempt bonds to finance the construction or acquisition of general capital assets for the City. The bonds are secured by a lease agreement with the City and will be retired through lease payments from the City. The financial statements of the Municipal Building Authority are included in the accompanying financial statements as a blended component unit.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Redevelopment Agency is governed by a separate governing board, who are the City's Mayor and Council. The financial statements of the Redevelopment Agency are included in the accompanying financial statements as a blended component unit.

The Municipal Building Authority and the Redevelopment Agency are considered blended component units since the governing board in each case is the same governing board of the City.

The Municipal Building Authority is presented as a debt service fund and the Redevelopment Agency is presented as a special revenue fund in the financial statements

Complete financial statements for each of the individual component units may be obtained at the entity's administrative offices.

South Jordan City Municipal Building Authority 1600 West Town Center Drive South Jordan City, Utah 84095

South Jordan City Redevelopment Agency 1600 West Town Center Drive South Jordan City, Utah 84095

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statements of changes in net assets) report information on all of the activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified basis of accounting. Revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after the year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt as well as expenditures related to compensated absences, claims, and judgments, which are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, and earned but unreimbursed state and federal grants associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. Only the portion of the special assessments receivable due within the fiscal period is considered susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *General Fund* is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

The *Debt Service Fund* is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The *Redevelopment Agency Special Revenue Fund* accounts for the activities of the agency, a blended component unit of the City. The agency is an entity established to further public purpose in the redevelopment of particular City areas.

The Construction Capital Projects Fund accounts for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by the proprietary fund).

The government reports the following major proprietary funds:

The *Water Fund* accounts for the activities of the City's water operations.

The Sanitation Fund accounts for the activities of the City's sanitation operations.

The Mulligan's Fund accounts for the activities of the recreation facility.

Additionally the government reports the following fund types:

Special Revenue Funds are used to account for proceeds of specific revenue sources (other than sources for major capital projects) that are legally restricted to expenditures for specified purposes.

Permanent Funds accounts for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's program.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statement. Exceptions to this general rule are payments to the general fund by the various enterprise funds for providing administrative services for such funds. Elimination of these charges would distort the direct costs and program revenue reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principle ongoing operations.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, and Net Assets or Equity

1. Deposits and investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments consist of amounts deposited with Utah Public Treasurers' Investment Fund, treasury bills of the U.S. Government, and money market funds. Investments are stated at fair value, which approximates cost.

2. Receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/due from other funds".

3. Inventories and prepaid items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. Restricted Assets

Restricted assets are comprised of cash restricted for future payments of principal and interest on debt services. It is the policy of the City to use restricted assets and then unrestricted assets.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

5. Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

| <u>Assets</u> | <u>Years</u> |
|-----------------------------------|--------------|
| Buildings and structures | 30-50 |
| Improvements other than buildings | 20-50 |
| Infrastructure | 30-50 |
| Machinery and equipment | 5-10 |
| Furniture and fixtures | 5-10 |

6. Compensated Absences

City employees accrue earned vacation and sick leave throughout the year. They are allowed to carry forward into the next calendar year accrued vacation up to 240 hours and all sick leave, but are encouraged to take their vacation leave within the calendar year in which it is earned. All employees are required to take at least one full week of vacation leave during the calendar year. Upon termination of employment, an employee will be compensated for all unused vacation leave, but forfeits any accumulated sick leave.

All vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7. Taxes

In Utah, county governments assess, levy, collect and disburse two principal types of tax: (1) personal property tax which is assessed on business assets other than real estate, and (2) tax on real estate and improvements. Business personal property and real estate taxes attach as an enforceable lien on property as of January 1st. Taxes are levied on all business personal property on January 1st and real estate and improvement taxes are levied on January 1st and are payable by November 30th. The real property taxes that are due in November are reported as a receivable from property taxes on the financial statements. Because these taxes are not considered available to liquidate liabilities of the current period, they are offset by deferred revenue.

The City Council is authorized by state statute to levy a tax against all real and personal property located within its boundaries. The Council must set a tax rate by June 22nd each year. The County Treasurer, acting as a tax collector, must settle and disburse all tax collections to all taxing entities on a routine basis.

8. Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the accrual debt proceeds received, are reported as debt service expenditures.

9. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

10. Use of Estimates

Presenting financial statements in conformity with Generally Accepted Accounting Principles requires management to make certain estimates concerning assets, liabilities, revenues, and expenses. Actual results may vary from these estimates.

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANICAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net assets – governmental activities as reported in the government-wide statement of net assets.

This difference primarily results from the long-term economic focus of the statement of net assets versus the current financial resources focus of the governmental fund balance sheets.

Capital related items:

When capital assets (property, plant, and equipment) that are to be used in governmental activities are purchased or constructed, the cost of these assets are reported as expenditures in governmental funds. However, the statement of net assets includes those capital assets among the assets of the city as a whole.

| Cost of capital assets | \$211,222,400 |
|--------------------------|---------------|
| Accumulated depreciation | (42,403,897) |

Net adjustment to increase *fund balance - total*governmental funds to arrive at net assets governmental activities

\$\frac{\$168,818,503}{\$}\$

Long-term debt transactions:

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities in the fund statements. All liabilities (both current and long-term) are reported in the statement of net assets.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANICAL STATEMENTS (CONTINUED)

| Bonds payable | \$ 29,440,000 |
|--|----------------------|
| Less: Deferred charge for issuance Costs - (to be amortized over life of debt) | (666,994) |
| Deferred refunding bond reacquisition costs (to be amortized over life of original debt) | (442,542) |
| Plus: Bond premium (to be amortized to interest income) | 111,313 |
| Accrued interest payable | 655,394 |
| Capital lease payable | 1,230,603 |
| Compensated absences | 714,990 |
| Notes Payable | <u>1,944,054</u> |
| Net adjustment to reduce <i>fund balance – total governmental funds</i> to arrive <i>at net assets –</i> | ¢ 22 004 010 |
| governmental activities | <u>\$ 32,986,818</u> |

Long Term Assets:

Long term assets applicable to the city's governmental activities which are not available to pay expenses of the current period are deferred in the fund statements. However in the statement of net assets, the charges were reported as revenue when earned.

| Special assessments | \$6,100,000 |
|--|---------------------|
| Delinquent property taxes | 230,827 |
| | |
| Net adjustment to increase <i>fund balance</i> – | |
| total governmental funds to arrive at | |
| net assets – governmental activities | <u>\$ 6,330,827</u> |

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANICAL STATEMENTS (CONTINUED)

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures and changes in fund balances includes a reconciliation between *net changes in fund balances* – *total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that "governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense."

| Capital outlay | \$ 7,380,850 |
|----------------------|--------------|
| Depreciation expense | (6,126,383) |

Net adjustment to increase net changes in fund balancestotal governmental funds to arrive at changes in net assets of governmental activities

\$ 1,254,467

Another element of that reconciliation states that "The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net assets."

In the statement of activities, only the *gain* on the sale of capital assets is reported. However, in the Governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of the capital assets sold.

(\$ 230,551)

Capital assets donated by outside parties are recorded as revenues in the statement of activities, thus the net assets increase by the value of the donated assets

25,283,226

Capital assets transferred by enterprise funds are recorded as Revenues in the statement of activities, thus the net assets Increase by the value of the transferred assets.

5,376

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANICAL STATEMENTS (CONTINUED)

Capital assets transferred to the business-type activities
Are recorded as transfers in the statement of activities thus
Net assets decrease by the value of the transferred assets

(164,395)

Net adjustment to increase *net changes in fund balances* – *total governmental funds* to arrive at *changes in net assets of governmental activities*

\$24,893,656

Another element of that reconciliation states that revenues in the statement of activities that do not provide current financial resources are not reported as revenues and are deferred in the funds.

However in the statements of activities revenue is reported when earned. Thus the change is to reduce revenue by the amount of the previously reported revenue.

| Special assessments | (\$375,000) |
|---------------------------|-------------|
| Delinquent property taxes | (104,406) |
| | |
| Net adjustments | (\$479,406) |

Another element of that reconciliation states "The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds". Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

Debt issued or incurred:

| Sales Tax Refunding Bond | (\$ 9,915,000) |
|---------------------------------------|----------------|
| Deferred refunding bond costs | 459,784 |
| Capital Lease Proceeds | (304,500) |
| Issuance cost amortization | (241,461) |
| Bond Issuance Costs | 211,456 |
| Deferred Refunding Costs amortization | (17,242) |
| Total debt incurred | (9,806,963) |

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 3 – BUDGETS AND BUDGETARY ACCOUNTING

Annual budgets are prepared and adopted in accordance with the Uniform Fiscal Procedures Act adopted by the State of Utah. Once a budget has been adopted, it remains in effect until it has been formally revised. Furthermore, in accordance with state law, all appropriations lapse at the end of the budget year. If any obligations are contracted for and are in excess of adopted budget, they are

not a valid or enforceable claim against the City. Budgets are adopted on a basis consistent with generally accepted accounting principles. All funds of the City have legally adopted budgets.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 3 – BUDGETS AND BUDGETARY ACCOUNTING (CONTINUED)

The City adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

- A. On or before the first regularly scheduled meeting of the City Council in May, the City manager, authorized under state statute to be appointed budget officer, submits a proposed operation budget. The operating budget includes proposed expenditures and the means of financing them.
- B. A public hearing is held at which time the taxpayers' comments are heard. Notice of the hearing is given in the local newspaper at least seven days prior to the hearing. Copies of the proposed budget are made available for public inspection ten days prior to the public hearing.
- C. On or before June 22^{nd,} a final balanced budget must be adopted through passage of a resolution for the subsequent fiscal year beginning July 1st.
- D. Control of budgeted expenditures is exercised, under state law, at the departmental level. The City manager, however, acting as budget officer, has the authority to transfer budget appropriations between line items within any department of any budgetary fund. The City Council, by resolution, has the authority to transfer budget appropriations between the individual departments of any budgetary fund.
- E. Budget appropriations for any department may be reduced by resolution.
- F. A public hearing as required in B) above, must be held to increase the total appropriations of any one governmental fund type; however, after the original public hearing, operating and capital budgets of proprietary fund types may be increased by resolution without an additional hearing.
- G. Encumbrances lapse at year end. Encumbered amounts carry over to the following year and are subject to reappropriation. Therefore, no encumbrances are presented in the financial statements.

During the budget year, the City modified the budget on several occasions using the above procedures.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 4 – CASH, CASH EQUIVALENTS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds. At June 30, 2007 the City's cash balance consisted of the following:

| | Total Cash from |
|--|---------------------|
| | All Fund Types |
| Cash, Cash Equivalents, and Temporary Cash Investments | \$42,212,268 |
| Cash and Cash Equivalents – Permanent Fund | 471,232 |
| Total Cash and Cash Equivalents | <u>\$42,683,500</u> |

While the City's carrying amount of deposits was \$42,683,500 the balance in the City's bank account and cash on hand was \$43,273,502, with the difference being due to outstanding checks and deposits in transit.

A. Custodial Credit Risk

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be recovered. The City's policy for managing custodial credit risk is to adhere to the Money Management Act. The Act requires all deposits of the City to be in a qualified depository, defined as any financial institution whose deposits are insured by an agency of the federal government and which has been certified by the Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council. As June 30, 2007 the Deposits are as follows:

| | Custodial Credit | J | Balance |
|---------------------------|------------------|-----|------------|
| Depository Account | Risk | Jun | e 30, 2007 |
| Checking and Cash on Hand | Insured | \$ | 13,110 |
| Investment Sweep | Uninsured and | | |
| | Uncollateralized | | 1,580,720 |
| Total Deposits | | \$ | 1,593,830 |

Investments

Custodial credit risk for investments is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments that are in the possession of an outside party. The City does not have a formal policy for custodial credit risk of investments. The entire \$25,174,785 of the City's various investments are uninsured, unregistered, and held by the counterparty's Trust department but not in the City's name and are therefore exposed to custodial credit risk.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 4 – CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

B. Credit Risk

Credit Risk is the risk that the counterparty to an investment will not fulfill its obligations. The city's policy for limiting the credit risk of investments is to comply with the Money Management Act. The Act requires investment transactions to be conducted only through qualified depositories, certified dealers, or directly with issuers of investment securities. Permitted investments include deposits of qualified depositories; repurchase agreements; commercial paper that is classified as "first-tier" by two nationally recognized statistical rating organizations, one of which must be Moody's investor Service or Standard and Poors; bankers acceptances; obligations of the US treasury and U.S. government sponsored enterprise; bonds and notes of political subdivisions of the State of Utah; fixed rate corporate obligations and variable rated securities rated "A" or higher by two nationally recognized statistical rating services as defined in the Act.

The City is authorized to invest in the Utah Public Treasurer's Investment Fund (PTIF), an external pooled investment fund managed by the Utah State Treasurer and subject to the Act and Council requirements. The PTIF is not registered with the SEC as an investment company, and deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah. The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses, net of administration fees, of the PTIF are allocated based upon the participants average daily balances. The following are the City's investments as of June 30, 2007:

| | Investment Maturities (in Years) | | | | | | | | |
|-------------------------|----------------------------------|----------------|----|---------|----|-----|-----|---------|--------------------|
| Investments | | Less Than 1 | | 1-5 | 6- | -10 | Mor | re than | Quality Ratings |
| Collateralized Money | | | | | | | | | |
| Market | \$ | 10,767,348 | \$ | - | \$ | - | \$ | - | Unrated |
| Uncollaterialized Money | | | | | | | | | |
| Market | | 371,737 | | | | | | | unrated |
| Utah Public Treasurer's | | | | | | | | | |
| Investment Fund | | 18,042,835 | | | | | | | Unrated |
| Commerical Paper | | 9,379,426 | | | | | | - | AAA |
| U.S. Agencies | | | | 999,374 | | | | - | AAA |
| Corporate Notes | | 2,118,952 | | | | | | | AAA |
| Total Investments | \$ | 40,680,298 | \$ | 999,374 | \$ | | \$ | - | |

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 4 – CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

C. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of the investment. The City manages its disclosure to declines in fair value by adhering to the Money Management Act. The Act requires that the remaining term to maturity of the investments may not exceed the period of availability of the funds to be invested. The Act further limits the remaining term to maturity of commercial paper to 270 days. The City's maturity of its investment in commercial paper is 13 days. Fixed rate negotiable deposits and corporate obligations to 365 days or less. Maturities of the City's investments are noted above.

D. Concentration of Credit risk.

Concentration of credit risk is the risk of loss attributed to the magnitude of a City's investment in a single issuer. The City's policy to limit this risk is to adhere to the rules of the Money Management Council. The Council's rule 17 limits investments in a single issuer of commercial paper and corporate obligations to between 5 and 10 percent depending on the total dollar amount held in the City's portfolio at the time of purchase.

Of the City's investments none are more than 8% of the portfolio in one particular issuer. Therefore, the City is within the limits established by the Council's rule 17.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 5 - RECEIVABLES

Receivables as of year end for the government's individual major fund and nonmajor, internal service, and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

| Business Type | | 1,022,931 | | | | 1,022,931 | |
| Total Transfer Out | \$6,696,993 | \$ 3,112,515 | \$ 1,219,685 | \$ 330,076 | \$ 175,706 | \$ 11,534,975 | |

The City transferred monies between funds to support debt service payments in the debt service fund. Also, the City transferred monies to support related capital expenditures in the construction fund.

Governmental funds report *deferred revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *deferred revenue* and *unearned revenue* reported in the governmental funds were as follows:

| | <u>Unavailable</u> | <u>Unearned</u> |
|--|--------------------|--------------------|
| Property taxes receivable (general fund) | \$ - | \$5,282,079 |
| Delinquent Property Taxes (general fund) | 230,827 | - |
| Property taxes receivable (redevelopment agency) | - | 3,725,257 |
| Special assessments not yet due (debt service fund) | 6,100,000 | |
| Total deferred/unearned revenue for governmental funds | \$6,330,827 | <u>\$9,007,336</u> |

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 9 – LONG-TERM DEBT (CONTINUED)

The future annual requirements for all outstanding bond and note obligations as of June 30, 2007 are as follows:

| | All Bonds and Notes | | | |
|-------------|---------------------|--------------|---------------|--|
| Fiscal Year | Principal | Interest | Total | |
| | | | | |
| 2008 | 4,369,340 | 3,029,008 | 7,398,348 | |
| 2009 | 3,242,570 | 2,888,942 | 6,131,512 | |
| 2010 | 3,284,196 | 2,747,798 | 6,031,994 | |
| 2011 | 3,440,053 | 2,598,098 | 6,038,151 | |
| 2012 | 3,332,406 | 2,455,249 | 5,787,655 | |
| 2013-2017 | 17,368,293 | 9,754,584 | 27,122,877 | |
| 2018-2022 | 18,490,000 | 5,147,751 | 23,637,751 | |
| 2023-2027 | 13,055,000 | 1,374,270 | 14,429,270 | |
| 2028-2032 | 840,000 | 57,148 | 897,148 | |
| Total | \$ 67,421,858 | \$30,052,848 | \$ 97,474,706 | |

During Fiscal year 2007 the City issued \$9,915,000 of Sales Tax Revenue bonds to provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for future debt service payments of \$11,665,200 of the Series 2001 Sales tax revenue bonds. As a result \$9,240,000 of the principal is considered to be defeased and has been removed from the governmental activities column of the statement of the net assets. Due to call restrictions \$3,730,000 of the original bond is still outstanding and will be paid by the City. The reacquisition price exceeded the net carrying amount of the old debt by \$459,784 This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is shorter than life of the new debt issued. The advance refunding was undertaken to reduce total debt service payments over the next 19 years by \$842,399 and resulted in an economic gain of \$522,584

In addition the City issued \$21,950,000 of Water Revenue bonds to provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for future debt service payments of \$21,160,447 of the Series 2000 and Series 2003 water revenue bonds. As a result \$16,905,000 of the outstanding principal from these two bonds is considered to be defeased and has been removed from the business-type activities column of the statement of the net assets. Due to call restrictions \$6,940,000 of the original bonds are still outstanding and will be paid by the City. The reacquisition price exceeded the net carrying amount of the old debts by \$999,034. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is shorter than life of the new debt issued. The advance refunding was undertaken to reduce total debt service payments over the next 19 years by \$724,751 and resulted in an economic gain of \$464,695

NOTE 10 - RETIREMENT PLAN

<u>Plan Description</u>. The City of South Jordan contributes to the Local Governmental Contributory Retirement System and Local Governmental Noncontributory Retirement System, Public Safety Retirement System, and Fire Fighters Retirement System which are for employers with Social Security coverage cost-sharing multiple-employer defined benefit pension plans administered by the Utah Retirement Systems (Systems). Utah Retirement Systems provide refunds, retirement benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries in accordance with retirement statutes.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 10 - RETIREMENT PLAN (CONTINUED)

The Systems are established and governed by the respective sections of Chapter 49 of the Utah Code Annotated 1953 as amended. The Utah State Retirement Office Act in Chapter 49 provides for the administration of the Utah Retirement Systems and Plans under the direction of the Utah State Retirement Board (Board) whose members are appointed by the Governor. The Systems issue a publicly available financial report that includes financial statements and required supplementary information for the Local Governmental Contributory Retirement System, Local Governmental Noncontributory Retirement System, Public Safety Retirement System, and Fire Fighters Retirement System which are for employers with Social Security coverage. A copy of the report may be obtained by writing to the Utah Retirement Systems, 540 East 200 South, Salt Lake City, Utah, 84102 or by calling 1-800-365-8772.

Funding Policy.

In the Utah Retirement Public Employees Contributory Retirement System Plan, members are required to contribute 6.0% of their annual covered salary (all or part may be paid by the employer for the employee). The City has chosen to contribute 5.0% of the member's required contribution. In addition, the City is required to contribute 7.58% of the member's annual covered salary. In the Utah Retirement Public Safety Contributory Retirement System for employers with Social Security Coverage Plan, members are required to contribute 12.29% of their salary (all or part may be paid by the employer for the employee). The City has chosen to contribute 4.38% of the member's annual covered salary. In the Utah Retirement Fire Fighters Retirement System for employers with Social Security Coverage Plan, members are required to contribute 10.84% of their annual covered salary (all or part may be paid by the employer for the employee). The City has chosen to contribute 9.84% of the members required contribution. The contribution rates are the actuarially determined rates. The contribution requirements of the Systems are authorized by statute and specified by the board.

The City contributions to the Local Governmental Contributory Retirement System for the years ending June 30, 2007, 2006, and 2005 were \$909,306, \$736,749, and \$653,231, respectively. The contributions were equal to the required contributions for each year.

For the Public Safety Retirement System the contributions for June 30, 2007, 2006, and 2005, were \$431,483, \$224,871, and \$195,739, respectively and for the Fire Fighters Retirement System the contributions for June 30, 2007, 2006, and 2005, were \$205,041, \$137,104, and \$112,356, respectively. The contributions were equal to the required contributions for each year.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 11 - COMMITMENTS AND CONTINGENCIES

Litigation - The City is a defendant in certain legal actions and pending actions, or in process for miscellaneous claims. The ultimate liability that might result from the final resolution of the above matters is not presently determinable. City management is of the opinion that the final outcome of the cases will not have an adverse material affect on the City's financial statements.

NOTE 12 - RESERVED FUND BALANCES

The City has reserved fund balance amounts for inventory, prepaid expenses, unspent grant proceeds, and providing perpetual maintenance care for the cemetery. The City has reserved net assets in the Water Fund and fund balance in the Capital Projects Fund for unspent impact fees. These fees will be used to construct appropriate projects as designated by the impact fee ordinance. The City has reserved net assets in the Water Fund and fund balance in the Debt Service fund for the Debt Service requirement of the bonds acquired. The City has also reserved fund balance in the Capital Projects fund for long-term receivables.

NOTE 13 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City participates in the Utah Risk Management Mutual Association (a public entity risk pool). All claims are submitted to the Utah Risk Management Mutual Association which acts as a commercial insurer. The Association is obligated to pay all claims covered by its plan. All claims are subject to a \$7,500 deductible. The deductible is accrued as a current liability when the claim is incurred. The Utah Risk Management Mutual Association covers claims up to \$6,000,000. The City has not incurred a claim in excess of its coverage for any of the past three fiscal years.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 14 - REDEVELOPMENT AGENCY

The Redevelopment Agency of South Jordan City is established to further public purposes in the redevelopment of certain City areas. For the year ended June 30, 2007 the following activity occurred in the City's Redevelopment Agency:

| Tax increment collection from other taxing agencies for | |
|---|-------------|
| various project areas | \$3,935,628 |
| Tax increment paid to other taxing agencies | 1,453,327 |
| Outstanding loans to finance RDA projects | 478,043 |
| | |
| Amounts expended for installation of public utilities and other | |
| 1 | 100 016 |
| public improvements | 498,946 |
| Amounts expended for administrative costs | 334,475 |

NOTE 15 - EQUITY IN JOINT VENTURE

Trans - Jordan Cities

City of South Jordan joined in a joint venture with several other municipalities to create the Trans-Jordan Cities Landfill (Trans-Jordan). Trans-Jordan was created for the purpose of operating and maintaining a landfill for the benefit of member municipalities. The City uses the equity method to account for its investment in the association.

A. Ownership

In accordance with the Utah Inter-local Cooperation Act (which created Trans-Jordan), all assets revert to the participating cities upon dissolution. Participant's share of these assets are based on each participating City's payment of usage fees and charges in proportion to fees paid by all participating cities for the preceding ten fiscal years. Member's participating interests are adjusted according to the above formula annually. As of June 30, 2007, these percentages are as follows:

| Participating Cities | & Charges For Preceeding Years | Percent |
|-------------------------|--------------------------------|---------|
| Midvale City, Utah | \$ 1,058,371 | 5.83% |
| Murray City, Utah | 1,674,216 | 9.22% |
| Sandy City, Utah | 5,979,807 | 32.92% |
| South Jordan City, Utah | 1,919,261 | 10.56% |
| West Jordan City, Utah | 4,675,531 | 25.74% |
| Draper City, Utah | 1,384,618 | 7.62% |
| Riverton City, Utah | 1,474,473 | 8.11% |
| Total | \$ 18,166,277 | 100.00% |

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2007

NOTE 15 - EQUITY IN JOINT VENTURE (CONTINUED)

B. Management

Trans-Jordan's Board of Directors governs the operations of Trans-Jordan through management employed by the Board. Since Trans-Jordan is subject to the same laws as the creating entities, it must follow State law for cities in the areas of fiscal management, budgeting, and financing.

C. Financial Summary

| | Trans-Jordan Cities | South Jordan City's Share | | |
|---|-------------------------------|------------------------------|----------------------|--|
| Total Assets Total Liabilities | \$ 21,954,664 \$ 4,558,850 | \$ | 2,318,413 481,415 | |
| Total Equity | \$ 17,395,814 | \$ | 1,836,998 | |
| Total Operating Revenues Total Operating Expenses | 5,411,884 4,937,879 | \$ \$ | 571,495 521,440 | |
| Net Operating Income | 474,005 | \$ | 50,055 | |
| Total Non-operating Income (Expense) | 1,662,344 | \$ | 175,544 | |
| Net Income | \$ 2,136,349 | \$ | 225,598 | |

D. Debt

The joint venture has the following long-term debt:

| | Total | South Jordan City's Share |
|------------------------------------|--------------------|------------------------------|
| | | |
| Closure and Post-closure Liability | <u>\$3,900,000</u> | <u>\$411,840</u> |

E. Address

Audited financial statements for Trans-Jordan Cities are available at the Trans-Jordan office.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2007

1. **BUDGETARY INFORMATION**

Budgets for the general fund and the redevelopment agency are adopted and presented on a basis consistent with generally accepted accounting principles.

SUPPLEMENTARY INFORMATION

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. The Special Revenue Funds of the City are as follows:

- Glenmoor Special Services District This fund is used to account for the activities of the Special Services District. The District is an entity established to provide and maintain recreation services and facilities for City citizens residing within the District.
- 2) **Historical Preservation** This fund is used to account for activities associated with printing and distribution of a historical publication of the City.
- 3) **Parkway Care** This fund is used to account for funds set aside for expenditures related to special roadside improvements in selected areas of the City.
- 4) **Street Lighting** This fund is used to track revenue from a monthly fee paid by City residents for maintanance and installation of City street lights.
- 5) **Storm Drain** This fund is used to track revenue from a monthly fee paid by City residents for the maintanance of the City's storm drain system.
- 6) Recreation Programs This fund is used to track revenue and expenditures dealing with the City's sports and recreation programs.
- 7) **CDBG Fund** This fund is used to account for the revenues received by the City as a grantee participant in the Community Development Grant Program.
- 8) **Risk Management Fund** This fund is used to account for revenues transferred and accumulated to pay future risks and workers compensation claims.
- 9) **Public Arts Fund** This fund is used to account for revenues transferred and accumulated to pay future public art related projects.
- 10) **Recreation Center Fund** This fund is used to account for fees charged to users and expenditures dealing with maintenance of the facility.

NONMAJOR GOVERNMENTAL FUNDS

continued

Debt Service Fund

The Municipal Building Authority is presented as a debt service fund. The authority uses the proceeds of its tax exempt bonds to finance the construction or acquisition of general capital assets for the City.

1) Municipal Building Authority (MBA)

This fund is used to account for the construction of capital facilities of the City.

Permanent Fund

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

 Cemetery Perpetual Care Fund - This fund is used to account for principal trust amounts received and related interest income. The interest portion of the trust can be used to maintain the community cemetery.

Statistical Section

This part of South Jordan City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the city's overall financial health.

| Contents | Page |
|---|-------------|
| Financial Trends These Schedules contain trend information to help the reader understand how the city's financial performance and well-being have changed over time. | 106 |
| Revenue Capacity These schedules contain information to help the reader assess the city's most significant local revenue sources, property tax, sales tax, and water revenue. | 112 |
| Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the government's ability to issue additional debt in the future. | 120 |
| Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the city's financial activities take place. | 125 |
| Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the city's financial report relates to the services the city provides and the activities it performs. | 128 |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Notes: Details regarding the city's outstanding debt can be found in the notes to the financial statements. See Demographic and Economic Statistics for personal income and population data.

Direct and Overlapping Governmental Activities Debt As of June 30, 2007

| Government Unit Debt repaid with property taxes | Debt Outstanding | | Estimated Percentage Applicable |] | nated Share of Direct and rlapping Debt |
|--|------------------|--|---------------------------------------|----|---|
| Salt Lake County Jordan School District Salt Lake County Sewer Central Utah Water Cons. District | \$ | 177,885,000 159,285,000 430,000 310,254,390 | 3.10% 9.20% 24.61% 2.21% | \$ | 5,514,435 14,654,220 105,823 6,856,622 |
| Subtotal, overlapping debt | | | | | 27,131,100 |
| City direct debt | | | | | |
| Total direct and overlapping debt | | | | \$ | 27,131,100 |

Note:

Overlapping governments are those that coincide, at least in part, with the geographic boundries of the City of South Jordan. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses. This process recoginizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and business should be taken into account. However, this does not imply that every taxpayer is a resident-and therefore responsible for repaying the debt-of each overlapping government.

Notes: Under state finance law, the city's outstanding general obligation debt should not exceed 12% of total assessed property value.

Of this percent, a maximum of 4% may be used for general purpose. The remaining 8% and any unused portion of the 4% available for general purpose up to a maximum of 12% may be used for water, sewer, and electrical projects.

INDEPENDENT AUDITOR'S REPORT ON LEGAL COMPLIANCE WITH APPLICABLE UTAH STATE LAWS AND REGULATIONS

Honorable Mayor and City Council City of South Jordan South Jordan, UT December 12, 2007

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the remaining fund information of City of South Jordan for the year ended June 30, 2007, and have issued our report thereon dated December 12, 2007. As part of our audit, we have audited City of South Jordan's compliance with the requirements governing types of services allowed or unallowed; eligibility; matching, level of effort, or earmarking; special tests and provisions applicable to each of its major state assistance programs as required by the State of Utah's Legal Compliance Audit Guide for the year ended June 30, 2007. The City received the following major state assistance programs from the State of Utah:

Class "C" Road Funds (Department of Transportation) Liquor Funds (Utah State Tax Commission)

The City also received the following nonmajor grants which are not required to be audited for specific compliance requirements: (However, these programs were subject to test work as part of the audit of the City of South Jordan's financial statements.)

Library Service Development (State Library)
Emergency Medical Services (Department of Health)
Historical Grant (Department of Community & Economic Development)

Our audit also included test work on the City's compliance with those general compliance requirements identified in the Compliance Manual for Audits of Local Governments in Utah including:

Public Debt

Justice Courts

Cash Management

B & C Road Funds

Purchasing Requirements

Special Districts

Budgetary Compliance

Other Compliance Requirements

Property Tax

Department of Commerce - Building Permits Impact Fees

Liquor Law Enforcement

A D C'

Asset Forfeitures

The management of the City of South Jordan is responsible for the City's compliance with all compliance requirements identified above. Our responsibility is to express an opinion on compliance with those requirements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

The results of our audit procedures disclosed no instances of noncompliance with the requirements referred to above.

In our opinion, the City of South Jordan complied, in all material respects, with the general compliance requirements identified above and the requirements governing types of services allowed or unallowed; eligibility; matching, level of effort, or earmarking; reporting; and special tests and provisions that are applicable to each of its major state assistance programs for the year ended June 30, 2007.

REPORT IN INTERNAL CONTROL OVER FINANICIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and City Council City of South Jordan South Jordan, UT December 12, 2007

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of South Jordan as of and for the year ended June 30, 2007, and have issued our report thereon dated December 12, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of South Jordan's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the City of South Jordan's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of South Jordan's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City of South Jordan's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the City of South Jordan's financial statements that is more then inconsequential will not be prevented or detected by the City of South Jordan's internal control. We noted certain deficiencies in internal control that we considered to be significant deficiencies. We have reported those to management in a separate letter dated December 12, 2007.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City of South Jordan's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of South Jordan's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*

This report is intended solely for the information of management, City Council, and Utah State Auditor and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
